

Camping and Caravan Holidays

at Lower Foxhangers Campsite

There are two small paddocks, both of less than one acre and the showers and toilets are situated about forty yards from the lower entrance to the fields. The Kennet & Avon canal passes within 150 yards of the campsite, and we are situated at the bottom of the famous flight of twenty-nine locks. The towpath at the side of the locks makes a pleasant and varied walk to Devizes which takes about half an hour and has been resurfaced suitable for cycling between Devizes and Bath. The fishing in the canal is very good, and the canal is well stocked with carp especially. It is not unusual to hear of catches between 10lbs and 20lbs. We can supply Devizes Angling Association fishing licenses for sale at a cost of £9.00 for two weeks or £3.50 per day (junior's half price).
